No. 42.—The following notification of the Government of India is republished:—
HOME DEPARTMENT.

PURBANY.

Calcutta, the 19th December 1914.

No. 1914—1915.

Sanction.—In pursuance of the orders contained in the Notification of the Government of India in the Home Department, No. 1914-1915, dated the 4th December 1914, the Government-General in Council is pleased to issue the following instructions with regard to certificates of identity.

2. Every native of India who contemplates proceeding out of India to foreign countries is strongly urged before leaving to furnish himself with an authentication certificate of identity, in the form appended to this Regulation, signed by the head of the district (or a Presidency Town, the Commissioner of Police) in the case of natives of British India, and by the Political Officer in that of residents of Native States. In the case of a student the certificate should be signed by the head of the host school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police, or Political Officer, in the case may be).

Appeals for assistance by destitute Indians who desire repatriation and by students who, owing to embarrassed circumstances, are unable to complete their course of education cannot be dealt with satisfactorily unless the parties use as a previous to produce evidence of identity. The possession of a certificate of identity will be specially useful to young men of good family, as it may enable the Secretary of State to obtain for them social and other assistance.

Those who are desirous, however, of travelling in countries where a passport will be necessary are advised to furnish themselves with such a document also before leaving India, in lieu of, or in addition to, a certificate of identity. It should be remembered that no power is granted to a passport, as of right, on the ground that he is a British subject, and the production before authorities outside India of a certificate of identity, unless supplemented by documentary evidence of respectability is not sufficient to ensure that a passport will be granted.

3. The District or Political Officer or head of the school or college should not refuse an applicant a certificate of identity if his means do not appear to be sufficient to enable him to effect his journey, but should endeavor to dissuade him from undertaking the journey, pointing out the difficulties in which the applicant would be placed were he to find himself in a foreign country without sufficient means.

4. The District or Political Officer will endorse on the certificate of identity his opinion whether the person is a British subject "by birth" or "by naturalization" (or a subject of a Native State) or not, and will, at the same time, send a copy of the certificate to the Under Secretary of State for India Office.

5. Local Governments and Administrations are requested to take steps to ensure that all reasonable facilities are given for obtaining certificates of identity, and that wide publicity is given to these rules.

Form of Certificate of Identity

1. Name of applicant _____
2. Father's name and name _____
3. Residence _____
4. Age of applicant _____
5. * Nationality of applicant _____
6. Social or pecuniary status of father (or guardian) _____
7. Date of probable departure of applicant from India _____
8. Object of applicant's visit to England (Abroad) _____

Signature of District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, or head of school or college.

Dated _____

* i.e., whether a British subject by birth, or by naturalization (or a subject of a Native State).

† Counter-signatures of the District or Political Officer should be obtained on certificates signed by heads of schools or colleges.

Note.—Holders of certificates of identity intending to apply subsequently in England or elsewhere for a passport to visit a foreign country are warned that no power is granted to a passport as of right on the sole ground that he is a British subject. The possession of a certificate of identity, therefore, will not ordinarily be sufficient to secure the grant of a passport, unless it is supplemented by documentary evidence of respectability, and even in such cases the grant of a passport is not a matter of course. It is recommended that the holder of a certificate of identity should be given a copy of the passport to be sent to the Secretary of State for India Office, so that the Secretary of State may be kept informed of the progress of the application.

Secretary to Government.

5. As soon as possible after the auction is completed, the deposits made by the unsuccessful bidders will be returned to them.
6. As the auction proceeds, each successful bidder shall, at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit equal to one-fourth of the purchase-money. Should he fail to do so, the deposit made by him under condition 4 above will be forfeited and the salt pan will be put up to auction again on the above conditions at otherwise disposed of as the Deputy Commissioner may determine, and the defaulter may be debarred from bidding again at any subsequent sale of salt pans by the Deputy Commissioner.
7. On receipt of the intimation of the final acceptance of the bid, the successful bidder shall at once pay the whole amount of his bid after deducting from it the amount of deposits already paid by him. Should he fail to do so, the deposit made by him under conditions 4 and 5 above will be forfeited and the salt pan will be sold at otherwise disposed of as the Deputy Commissioner may determine.
8. Bidders affected under condition 4 will be, at the risk of the defaulting bidder, who will forfeit all paid and, in the event of a loss, will be required to make good the deficiency between the amount payable under the terms of the original sale and that payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale and the remainder, if any, will be reimbursed from the defaulter in the manner laid down in section 54 of the Madras Salt Act IV of 1926. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be retained by Government. The defaulting bidder will be similarly liable if the salt pans are disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale.

10. The purchaser will be required to sign and deliver to the Commissioner a undertaking or engagement to observe all the conditions of the license to be granted to him. The proposed form of undertaking and license can be seen at the office of the Inspector of the Madras Circle.

11. Access to manufacturing salt under the monopoly system will be granted to the successful bidder after he has accepted a lease (the form of which may be seen in the Circle office). The term of such lease will be for five years and the license granted in each case will be in force only during the continuance of such lease. In the event of the lease being determined before the expiry of the period fixed in consequence of the lease being at any time resumed by Government or if the factory being converted into one for manufacture of salt the ground salt, the purchaser will still be entitled to any compensation.
